Sponsorship Prospectus

ABOUT US

When & Where

Bay Valley Hacks is a 14 hour Hackathon that will take place around the end of August to start of September 2026, at a venue TBD.

Our Mission

Our mission is to create the largest highschool hackathon in Northern California to encourage students to explore technology.

Why We're Unique

Bay Valley Hacks brings together multiple high school coding communities across Northern California, creating a truly regional hackathon built by students, for students. By uniting different schools, clubs, and organizations, we are building one of the largest collaborative tech events for high school innovators in the Bay Area.

FAQ

Why should I sponsor Bay Valley Hacks?

Sponsoring Bay Valley Hacks connects your organization with hundreds of high school students interested in technology and innovation. Sponsors gain brand exposure, access to emerging talent, and the opportunity to support the next generation of engineers, developers, and problem-solvers in Northern California.

How can I help?

Organizations can support Bay Valley Hacks through financial sponsorships, prize contributions, mentorship, workshops, judging, providing venues, or providing technical resources for participants.

Where will my money go?

Sponsor contributions go directly toward event operations, including meals for participants, prizes, venue logistics, educational workshops, and resources that allow students to build their projects.

READY TO PARTNER?

If you are interested in sponsoring Bay Valley Hacks, please reply to our team to learn more about partnership opportunities and sponsorship tiers.
